

11月の園だより

The leaves on the trees have turned beautiful autumn colors. Acorns are rolling along the path leading to the preschool parking lot, and the children are fascinated by these lovely gifts from autumn.

On **Friday the 13th**, we will have our Autumn Parent-Child Field Trip to **Wellness Park in Yanai City**. We hope you will enjoy a wonderful time together with your child in the refreshing breeze.

From the middle to the end of the month, we will be harvesting the sweet potatoes that the Sakura Class planted in our field. We are looking forward to seeing the strong, hearty sweet potatoes that survived the intense summer heat!

Starting from late October, influenza has begun to spread early in various parts of the city. Our preschool's policy regarding school closures was distributed the other day; please refer to that document. Also, if possible, we would greatly appreciate your cooperation in having your child wear a mask.

Announcements

- Sweet Potato Harvesting (Imohori)
 - We plan to hold the sweet potato harvesting in mid-November.
 - Detailed dates and schedule will be announced later.
- <Violet & Lily Classes> / <Sumire・Yuri>
 - Please bring one box of tissues with your child's name clearly written on it.

♥November Songs♥

- The Sweet Potato Digging Song (*Imohori no Uta*)
- Rock-Paper-Scissors with Baked Sweet Potatoes (*Yakiimo Guu Choki Paa*)
- Chrysanthemum Flowers (*Kiku no Hana*)
- Bright Red Autumn (*Makka na Aki*)

December / 12 月

- **Dec 1 (Tue):** Dress Rehearsal for the Recital
- **Dec 5 (Sat):** Learning Results Recital
- **Dec 17 (Thu):** Birthday Party

Violet Class (Sumire-gumi)

The children did an amazing job at the sports day, and we were so glad to show you how much they have grown! ✨ Thank you very much! Now that the sports day is over, the children are running around and playing outside to their heart's content. They seem to be having a lot of fun riding toy cars and cooking meals in the sandbox. ❤️ We are also seeing more interactions between them, and it is so heartwarming to see their gentle side, like when they pat a crying friend on the back to comfort them. 😊 Our next big event is the recital! We are looking forward to practicing with the children while having fun so that we can show you their adorable performances!

Dandelion Class (Tanpopo-gumi)

It is starting to get chilly in the mornings and evenings, but once they go outside, the children run around the schoolyard with full of energy. They love playing with toy cars, whether they are riding them themselves or pushing cars that their friends are in, and they look like they are having a wonderful time. When they wake up early from their nap, they hold hands with the younger Violet Class children to take them to the restroom. We are so happy to see them acting like sweet older brothers and sisters! 😊

Peach Class (Momo-gumi)

During the sports day rehearsal, we were a little worried because they were just doing things at their own pace, which is very typical of the Peach Class. However, they did their very best until the very end! The children's smiles were shining so brightly! We hope to turn this sports day experience into confidence and continue to grow together. For their sports day drawings, they have started sketching their favorite events. Many children are drawing their moms and dads, which shows that having you come watch and praise them has become a wonderful memory for them.

Lily Class (Yuri-gumi)

Everyone did a fantastic job at the sports day! 😊💎 When drawing their memories, each child beautifully expressed themselves while talking about their favorite moments. Outside, they are running around the schoolyard with full of energy, still enjoying some of the sports day games. We have also started practicing for the upcoming recital little by little. When we play the music, they sing along in loud voices and even show us their own original dance moves! 💖

Cherry Blossom Class (Sakura-gumi)

Their very last sports day at the preschool went by in a flash. The children worked incredibly hard from the practice sessions all the way through to the actual event. 💎 Even for the parts they struggled with during practice, they showed the results of their hard work on the big day and performed with great confidence. 😊 Just as the sports day has come to an end, it is already time to start practicing for the recital! We look forward to practicing plays and dances together so everyone can have fun along the way! ❤️
